

January 22, 2020

This email is being sent on behalf of Athletics Canada's Merchandise Department.

As you know, the 2020 World Masters Athletics Championships are being held in July, 2020 in Toronto. All Canadian athletes who wish to compete in the World Championships must wear one of the designs of competition singlets which have been approved by the CMA. The singlets which have been approved for the competition are shown at the following link:

<https://canadianmasters.ca/cmawp/wp-content/uploads/2020/01/Singlets-Approved-2020-1.pdf>

The only singlets which have been approved and are currently available for purchase are the various styles of the ones listed as "Nike Replica Team Canada or Vapor Singlets" in the link above. All four competition tops included in the survey are approved, which you can view by clicking on the links shown below. Because AC and CMA wish to ensure there are enough singlets in stock for the Canadian team, a survey was recently carried out, to determine the sizing needs by the possible members of Team Canada. We received approximately 300 replies to that survey.

Despite the strong response to the recent survey, we believe there are additional athletes who will be interested in obtaining one of the required singlets, and we want to be sure we have enough singlets of each size for their needs. Therefore, we are carrying out a second survey, to gauge further interest from among our athletes, **and we request all interested athletes who didn't complete the first survey to complete this one.**

Please note the following:

- **If you completed the original survey, please do not complete this second survey. This is designed for additional athletes.**
- This survey isn't a pre-order – it is designed to determine how many additional singlets we will require. **Therefore, it is important that all interested athletes take the survey.**
- When the registration for the Championships has closed, all registered Canadian athletes will be informed when the uniforms are available (expected to be in May), before they are available to the public. However, we can guarantee each athlete a singlet but we do not guarantee that all sizes will be available.
- All registered Canadian athletes will receive a code **to obtain a 40% discount** from AC's regular prices on the 5 items referred to in the survey, plus selected apparel which will be offered to registered athletes at the same time.
- Please complete the entire survey. If you experience any problems completing it, email AC at shop@athletics.ca.
- Payment is not required at this time; AC will provide further direction when you are notified of the availability by email.
- The 40% discount offer isn't valid on previous purchases, nor will AC make any reimbursements.
- **The survey will be open from today until 11:59 pm ET, on Sunday, February 2nd.**

Items included in the survey:

To view the 5 items included in the survey, please click on the links below:

- [MEN'S Replica Singlet](#) (loose fitted)
- [MEN'S Replica Swift Singlet](#) (tight fitted)
- [MEN'S Replica Unitard](#)
- [WOMEN'S Replica Singlet](#) (loose fitted)
- [WOMEN'S Race Day Brief](#)

Please note that we are aware there are limited options for Women's singlets. We are looking into other options, but PLEASE choose a size in the singlet as part of the survey anyway. If other options become available, you will be notified shortly after registration is complete.
