That's the way they're listed! Awful cold for California though!

Harold is taking advantage of turning 60 in February.  
Karla had the good fortune of turning 50 *THE DAY BEFORE THE MEET!*

Great results. I remember when the Canadian contingent for a U.S. (Boston area) meet would be four guys in a wagon—rotate the driving and go non-stop for eleven hours. The gang was usually George Gluppe, Bill Allen, myself and Don. Now there's one thing we've improved - the number of Canadians making the trip. Brian Oxley

Weird those states that our athletes are listed under. A racewalk coach from Ohio got so excited over this Nanci Sweazey, apparently new to his state, that he was all over the racewalkers trying to get in contact with her. Had to disappoint him though. Sherry Watts
